

SCRAPPY UNDER CONTROL

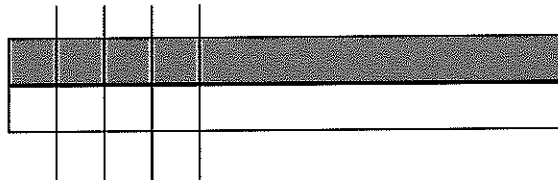

MYSTERY QUILT PART #2

Fabric needed for this clue are the 2 ½" background strips and your scrappy 2 ½" strips.

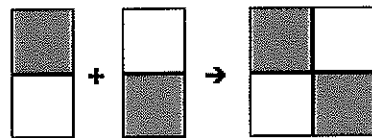

1. With the right sides together sew the light and dark 2 ½" strips together to make strip pieced units of 2 strips each. This is where you can make it scrappier by using whatever sized strips you have and adding it to your WOF light fabrics.

2. Press seam allowance towards the darker fabric.
3. Cross-cut each strip pieced unit at 2 ½" intervals to make 2 ½" x 4 ½" rectangles. You will need 200 rectangles.

4. Sew two of the resulting rectangles together to make a four-patch unit.

You should have 100 four-patch units which should each measure 4 ½" square.
